APPROVAL OF AGENDA Fuller made a motion, supported by Glesenkamp, to approve the agenda as presented. ALL AYES. Motion carried.

PUBLIC COMMENT None

UNFINISHED BUSINESS

Mark Martin The Board had a lengthy discuss with the Zoning Administrator about the request from Mark Martin regarding the building sitting on his property granted a special land use for a mining operation. Martin requested that the Baord direct the township Zoning Administrator to keep the building classified agricultural. At the time that the building was built in 2011 there was special land use on that property for a mining operation. The application for the building was submitted to the township as an agricultural building. Since the special land use has been granted, the building will now be used for the mining operation. Moorhouse will send a letter to Mr. Martin explaining that the Board will not direct our Zoning Administrator to allow the building to remain agricultural and that he will have to comply with township ordinances as they apply to a commercial operation.

NEW BUSINESS

Construction Board of Appeals The Board reviewed recommendations from the township Building Inspector for a Construction Board of Appeals. He also presented the compensation he is recommending for the members and the fees to be charged for residents requesting a board of appeals meeting. This item will be place on the agenda for the February meeting.

Spring Clean-up The township will hold a spring clean-up on Saturday, May 19, 2018 for residents. An announcement of the event will be placed on the back of the assessment notices.
